

Adeline Montessori Summer Offerings 2023

About Summer

This summer Adeline will be focusing on filling gaps and continuing student growth post COVID. We have seen a growing demand for continued academic programming, thus the decision to offer a traditional morning work cycle for Primary through 6th grade will be offered during select weeks this summer. You will be able to pick from options such as, half-day (AM or PM)/ full day, or specialized programming. A 3-day weekly minimum is required for Primary through 8th grade offerings. A 3-day minimum commitment is required for Infant and Toddler. A sample daily schedule and specific details on programming are listed in this catalog.

*Please note that the daily schedule for Infant/Toddler will not change.

Sample Daily Schedule:

7:00-8:30- Morning Care

8:30-11:30- Montessori Work-cycle

11:30-12:00- Recess

12:00- Half-day pick-up

12:00-1:00- Lunch

1:00-3:00- Daycare (nap for children under 5)

3:00-5:00-Aftercare

Additional Offerings:

- Special afternoon programming is offered for 4th-8th grade students between 1:00pm and 3:00pm. Please see catalog for descriptions.
- Orton Gillingham Reading Intervention will be offered for students between 1st grade and 9th grade. Scheduling of these offerings will be determined based on student placement tests and interventionist's availability.

Programming

Primary (3-5 years old) Offerings:

From 8:30-11:30 students will participate in a relaxed Montessori morning work-cycle. Students will complete works in practical life, sensorial, math, language, while also getting time to learn outdoors and enjoy the Wisconsin summer. From 11:30-12:00 students will enjoy a planned recess time for free play before half-day pick-up. Those staying for the afternoon will enjoy lunch with peers before either going to nap (children under 5) or enjoying an afternoon of play on our beautiful outdoor property or in our gym during inclement weather.

Elementary (1st-6th grade) Offerings:

From 8:30-11:30 students will participate in a relaxed Montessori morning work-cycle. Students will complete works in reading, math, science, and cultural, while also getting time to learn outdoors and enjoy the Wisconsin summer. From 11:30-12:00 students will enjoy a planned recess time for free play before half-day pick-up. Those staying for the afternoon will enjoy lunch with peers before enjoying an afternoon of play on our beautiful outdoor property or in our gym during inclement weather.

Orton- Gillingham Reading Bootcamp:

(students entering 1st grade and up)

Join Ms. Haley or Ms. Kristina for Orton-Gillingham Boot Camp! Orton-Gillingham (OG) is a research based approach that takes the science of reading into a multi-sensory approach towards teaching students how to read, write and spell. It is better known as a method of teaching that utilizes multiple senses which helps students to better understand the connections between letters and letter sounds.

Before the summer session begins, students will be assessed and placed into focus groups. These groups will follow the sequential scope of OG. The program will run for 1 hour/group for 2 days a week, for 8 weeks.

This is a great opportunity to help your students avoid the summer slide, fill in learning gaps, and continue to develop as readers.

Art Mini Camps

(4th-8th grade):

Come join Ms. Kim (Art Teacher) and Ms. Kristina (Special Education) for a fun-packed, themed art workshop each week. These workshops will be Tuesday, Wednesday, Thursday afternoons from 1:00pm-3:00pm. If your student will be participating in the morning work-cycle this is a great addition to the afternoons.

Nature Art (June 20-22): "Believe in the Weave" Learning to weave with yarn, natural fibers, and found objects. Turning branches into looms, you will learn the basics of weaving and create vibrant decorative pieces that can be displayed in a variety of ways.

Improv (June 27-29): "Me, You and Impromptu" or "Go Ahead and Laugh at Me" Creating a comfortable atmosphere where students can be social and laugh at themselves.

Acceptability, flexibility, adaptability in a non judgmental atmosphere.

Up Cycling (July 11-13): Join for runway creation and cosplay characters. Students will upcycle materials to create unconventional costumes and favorite cosplay characters. Students will learn the basics of sewing and design. Workshop will conclude with a fashion runway show.

Photography (July 18-20): "Intro to Film Possibilities" Learning the awesomeness of disposable cameras (what are those?), including photography display. Basics of stop motion animation and online safety will also be taught.

Team Building (July 25-27): Help to beautify the school! Learning about the importance of community and what their role is. All students working towards the same goal and finishing a project together. Teams will play games together and learn how to better work together.

Franken-Friends (August 1-3): "Build a Friend" Every creature has a human. Learn how to sew and upcycle pieces of donated stuffed animals to meld themselves into unique best friends that you can take home. Students will learn the basics of sewing and design.

Fashion (August 8-10): Collection creations: Everyone collects certain things and are drawn to certain things. Students will bring in found objects to create art pieces and learn to listen to your inner artist voice.
